

#HR TECH

competence center

meet science & create value
for the business * for the people * for the future

A cooperation of

and

avenir

Prof. Dr.
Antoinette Weibel
FAA-HSG

OUR MISSION:

We analyze effective HR Tech ecosystems to support HR and Business Analytics departments on their journey to balance business value with a vivid trust and innovation culture.

WHAT MAKES US UNIQUE?

We are specialists for HR Tech enactment. We combine distinct expertise in behavioural science, law, ethics and analytics. Our network in one of the leading business schools in Europe and beyond provides us with access to reliable partners and a continuous change of ideas.

KEY INSIGHTS

- HR and Business Analytics
- Trust in and within Tech Ecosystems
